Creation of additional capacity of milk

3763. SHRI VIRENDRA VERMA: Will the Minister of AGRICULTURE be pleased to state:

(a) whether it is a fact that in March, 1987 an additional capacity of 50.54 lakh litres per day (LLPD) of milk was created under Operation Flood when during the year 1986-87 the annual average milk procurement was only 78.94 lakh litres per day for all Operation Flood milksheds whereas the rural dairy processing capacity alone was 117.45 LLPD,

(b) whether it is also a fact that the Jha Committee had recommended that Operation Flood resources should not be freely used in building up dairy plants in the country; and

(c) if so, what are the reasons for creating an additional capacity of 50.54 LLPD of milk in 1987?

THE MINISTER OF STATE IN THE DEPARTMENT OF AGRICULTURE AND COOPERATION IN THE MINISTRY OF AGRICULTURE (SHRI YOGENDRA MAKWANA): (a) to (c) The rural milk processing capacity during 1986-87 was of the order of 122.04 lakh litres per day (LLPD) as against 108.83 LLPD during 1985-86.

Milk processing capacities are created to meet the peak milk procurement in the future years.
